Online Training - Confidentiality for Domestic and Sexual Violence Providers

These courses provide detailed information about federal and state confidentiality laws, requirements and ethical standards protecting survivors' personal information, information sharing, court orders and exceptions to confidentiality. You will earn 8 training hours for completing each of these courses. There are five lessons in each course. Each lesson starts with a PDF PowerPoint presentation. Some lessons also include readings and/or an activity. Each lesson has a quiz.

Please let me know when you are ready to get started and I'll get you all the information you need. Once you are registered, you will have one month to complete the training.

CADV is looking for additional advocates to help with the Sexual Assault Response Team (SART). Hospital Advocates take turns being on call on various dates throughout each month to respond whenever a domestic or sexual violence victim comes in to the Lake Regional Emergency Room. Advocates provide information and support to these victims, during their time of crisis. All volunteers are provided specialized training.

Please let me know if you'd like more information or if you are ready to start training!

Please take time to review the above volunteer opportunities and trainings and let me know which events you can assist with. You may email me at kellie@cadv-voc.org or call the office at 573-346-9630.

We are grateful for all of our volunteers and the time you donate. We could not be successful without you!
